Current professional activities

Amjad co-leads the firm's Deals Team. He is a trusted advisor to accountants, lawyers, barristers and their clients, and is highly skilled in dispute resolution and forms strong relationships with his clients.

He can help clients with pre-deal strategy and go to market strategy, due diligence and valuation advice, restructuring and turnaround and post deal integration activities.

Amjad is outcome-driven to achieve results and commercial value. He works with businesses to achieve growth and complete acquisitions, divestures and strategic alliances. He is approachable, a strong problem solver and is able to communicate complex legal matters in a clear, concise, understandable way.

Industry experience

Retail and wholesale trade, construction and property, manufacturing, professional and personal services, and special situations.

Professional background

Prior to joining Levi Consulting, Amjad had 7 years' experience as a legal practitioner, including working at an international legal firm and three years as a credit analyst and underwriter at a leading global insurance firm. The firm focused on reconstruction and corporate insolvency with assignments.

Expertise

Amjad specialises in delivering value to clients undertaking commercial and general transactions. He has significant experience with restructures, insolvency, commercial disputes, corporate value advisory, mergers & acquisitions, succession, real estate advisory, corporations and partnership matters.

Amjad's industry experience ranges from retail and wholesale trade, construction and property, manufacturing, professional and personal services through to special situations.
